STATINTL

6. Mr. Houston, [REDACTED] and I met with Mr. Price, Deputy General Counsel/AEC, Mr. Green of his staff, and Mr. Marshall, Deputy Chief of the Declassification Division, to discuss a revision of the Restricted Data definition of the Atomic Energy Act. In view of the difference of approach desired by the two parties in this matter, agreement on language will be extremely difficult, but an attempt will be made to reach a solution as quickly as possible. *28 May 1954*
